

# PowerWa: Configure Brick

Configure Zapier to connect to PowerWa  
to create automations with WhatsApp in just a few minutes

# New Zap

 zapier

The screenshot shows the Zapier 'Home' dashboard. At the top right, there is a search bar and a '+ Create' button. Below the search bar, the word 'Home' is displayed. A dropdown menu is open, showing two options: 'New Zap' (with a lightning bolt icon) and 'New Folder' (with a folder icon). A red arrow points from the 'New' dropdown to the 'New Zap' option. Below the dropdown, there is a list of existing Zaps. The first Zap is titled 'New Zap' and is marked as 'On' with a green toggle switch. The second Zap is titled 'Untitled Zap' and is marked as 'Off'. The third Zap is titled 'Send email via Gmail when Google Sheets rows are updated' and is marked as 'Off'. The fourth Zap is titled 'Untitled Zap' and is marked as 'Off'.

# Click on Trigger

What would you like to automate? **Beta**

When X happens, do Y, then do Z.

⚡ Powered by AI

**Example:** Save new leads from Facebook Lead Ads to Google Sheets, and email me the lead in Gmail.

# Send a message to your WhatsApp and test it

 zapier

The screenshot shows the Zapier interface. On the left, a Zap is configured with two steps:

- 1. Trigger:** Catch Hook in Webhooks by Zapier
- 2. Action:** An event a Zap performs after it starts

On the right, the 'Test' section shows the generated webhook URL:

**Your webhook URL**  
You'll need to configure your application with this  
`https://hooks.zapier.com/hooks/catch/5041`  
We've generated a custom webhook URL for you to send

Below the URL, there is a visual representation of the trigger and action: a Zapier icon followed by an arrow pointing to a red square icon.

**We're listening!**  
We started collecting requests in your We account. We'll find the most recent one to c is set up correctly. If no requests are four create one.

A red arrow points from the text 'is set up correctly' to a blue button labeled **Test trigger**.

# Add Webhook and select POST as event and CONTINUE

 **Trigger**  
1. Catch Hook in Webhooks by Zapier

 **2. POST in Webhooks by Zapier**

## 2. POST in Webhooks by Zapier

### App & event

 Webhooks by Zapier

\* Event (required)

POST

This is performed when the Zap runs.

### Action

## >> Advanced features

La tua APIKEY:

[REDACTED]

### Istruzioni per utilizzo API:

#### Invio messaggi TESTO:

Invio messaggi testo su WhatsApp

**Richiesta:** `https://api.mail2wa.it/?action=send&apiKey=[APIKEY]`

**Metodo di richiesta:** POST

**Header:** application/json

**Body:**

```
{  
  "to": "0000000000"  
}
```

Copy API url with your APIKEY and paste it into Zapier URL. Select json from Payload Type and insert two records in the Data fields called "to" and "message". Fill values as well.

Then fill also Headers with "Content-Type" "application/json"

# Click on Test step and Enjoy!

**Trigger**  
1. Catch Hook in Webhooks by Zapier

2. POST in Webhooks by Zapier

## 2. POST in Webhooks by Zapier

### ^ Action

\* URL (required)

# www.mail2wa.it

Integration with Zapier is only possible with PRO accounts. Activate a **FREE** account ([www.mail2wa.it](http://www.mail2wa.it)) and turn it into PRO for 7 days and try it for free

The screenshot shows the Mail2Wa website homepage. At the top, there is a navigation bar with links: "Attivazione Servizio", "BuyNow", "Area riservata", "Cond. Fornitura", "FAQ & Help", and "PowerWa". The main header features the "mail2wa" logo on the left and the "powerwa" logo on the right. The central content area has a large white speech bubble containing the text: "Il tuo alleato nella comunicazione diretta." Below this, it says: "Una comunicazione veloce con il cliente è alla base del successo del tuo business, scopri come puoi farlo con Mail2Wa." A purple button labeled "SCOPRI COME" is positioned below the text. To the right of the text is an illustration of a woman and a man interacting with a large smartphone displaying a chat interface. At the bottom of the screenshot, the heading "Che cos'è Mail2Wa" is visible, followed by a paragraph of introductory text and a small Italian flag icon.
